Dear Appropriations Committee:

My name is Sheila James. I'm writing because I would like more slots to be available for Case management services. I've was in the nursing home for 10 years and I don't want other people to have to stay in the nursing home because there is not enough slots.

I end up having to pay a \$500 spenddown leaving me with less spending money than people on SSI, I receive SSDI, The SSI limit is \$674 and SSDI is \$645. Thank you very much from last year when you listened and raised it \$100.

Thank You Very Much
Sheila James
